Subject: LDH Request for Technical Assistance
Attachments: LDH Request for Technical Assistance DLM 4.11.2022-Final.pdf; LSU_Chloroprene Monitoring Report_2022_DRAFT_04112022.pdf; LDH PreliminaryChloropreneAssessmentFINAL 2018.pdf; LSU Cancer Reporting in St John Parish Final Report March 2021.pdf

Attached is a letter from LDH requesting EPA's technical assistance relating to concerns about possible levels of exposure to chloroprene and other chemicals sustained by residents near Denka's facility, as raised in a newly released LSU report. LDH indicates in the letter that it has made a similar request to ATSDR.

I understand that R6 Air & Radiation Division is taking the lead in coordination with OAR. Dr. Nance has also shared this directly with Larry.

Justin
